

3RD PRESS RELEASE

APRIL 2024

C.H.A.N.G.E.R.S.-2.0 WORKSHOP IN MALTA IGNITES INNOVATION IN ADULT LEARNING FOR RURAL SENIORS

The C.H.A.N.G.E.R.S.-2.0 Workshop, held from April 17th to 18th, 2024, heralded a new era of educational advancement focused on empowering rural seniors. Hosted in Valletta, Malta, by PiM, this collaborative initiative **brought together partners from diverse backgrounds to refine and enhance training materials aimed at addressing climate change, energy poverty, and sustainability challenges.**

Throughout the workshop, partners delved into the structure and contents of modules developed in previous months, aiming to create a cohesive and impactful learning experience. **Under the leadership of PiM**, renowned for its expertise in education, **discussions centred on crafting a common structure that blends theory with practical activities, ensuring maximum engagement and effectiveness.**

BSC, CAM, and F&A brought invaluable insights to the table, sharing their modules, contents, and activities. Their willingness to accept feedback from fellow partners underscores the collaborative spirit driving the C.H.A.N.G.E.R.S.-2.0 project forward.

A significant focus of the workshop was the exploration of **transgenerational activities**, facilitating meaningful interaction between elders and youth. **Partners engaged in lively discussions on various options, including board games, quizzes, and comics, designed to bridge generational gaps and foster mutual learning.**

The consortium also started to plan the piloting events to gather valuable direct feedback from rural seniors. With a commitment to tailor-made solutions, the consortium is poised to refine training materials to perfectly align with the needs of the target group.

About C.H.A.N.G.E.R.S.-2.0: it is a collaborative project focused on **developing targeted training materials for rural seniors, aimed at addressing climate change, energy poverty, and sustainability challenges.** By harnessing the expertise of partners across sectors, the project seeks to empower individuals and communities to enact positive change in their communities.
